Do you support this? Yes _____ No

Why or why not? *Transit should be first. The impact of that will determine if new roads or maintenance should be second.*

Additional Comments:

I feel if the idea is to reduce traffic, then you get the greatest bang for your buck, by expanding the transit service.

Any impact of that expansion should provide direction on prioritization.

3. After grouping all project types into larger categories, the county-wide ranking is as indicated below.

New Roads/Widening

Transit

Maintenance

Bike/Pedestrian Needs

Intersections

Do you support this? Yes No _____

Why or why not? WHILE DISAPPOINTED NEW ROADS & WIDENING IS A TOP PRIORITY, IT WAS NO SURPRISE THAT IT WAS FAVORED BY PARTICULAR GEOGRAPHIC AREAS.

Additional Comments:

BASED ON THE GEOGRAPHIC PREFERENCES ALREADY EXPRESSED, ANY COMPREHENSIVE PLAN THAT IS DEVELOPED SHOULD ALLOCATE FUNDING ON SUB-AREAS OF THE COUNTY I.E. WEST COUNTY, CENTRAL COUNTY WITH ALLOCATIONS BASED ON SUB-AREA PREFERENCES - TRANSIT IN CENTRAL COUNTY & ROADS IN SOUTH COUNTY.

UNFORTUNATELY, THE RESIDENTS OF SOUTH COUNTY MAY, IN TWENTY YEARS, WISH THEY HAD OPTED FOR MORE TRANSIT FUNDING.

Activity Questions:

1. Would you agree that **Expanded/New Transit Routes** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes No ✓

Why or why not? Personally it is not important to me because I will not use public transportation — I prefer the convenience of using my private vehicle.

2. Based on the Understanding Issues prioritization activity, 10 out of the 12 community meetings ranked resurfacing as a top need.

Do you agree? Yes ✓ No

Why or why not? it seems that many of our roads have potholes that need to be repaired

Please flip to the other side.

3. After grouping all project types into larger categories, the county-wide ranking is as indicated below.

New Roads/Widening
Transit
Maintenance
Bike/Pedestrian Needs
Intersections

Do you support this? Yes _____ No

Why or why not? I would rank maintenance of existing roads ahead of new roads/ widening.

Additional Comments:

safety of Bike Paths - I have a concern about the bike paths - for example where traffic crosses bike paths at exits from interstates & turning lanes that cross bike paths (examples are on Fowler Avenue East of 57th street).

Sharower bike lanes like on 57th street north of the river seem very unsafe to me.

Activity Questions:

1. Would you agree that **Expanded/New Transit Routes** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes No ✓

Transit is a high priority for me however
the most important is to fix the
roads - they are full of potholes now'. Will be again
shortly after repair - better resurfacing necessary
Livingston Ave - dangerous for multi use transport

2. Based on the Understanding Issues prioritization activity, 10 out of the 12 community meetings ranked resurfacing as a top need.

Do you agree? Yes ✓ No

Why or why not? bunset Lane filled with potholes -
happens despite resurfacing - roads that have
been resurfaced show the under layer with
a very short period -

Additional Comments:

I want to live in a healthy active community
It has been shown that transit, bicycles, pedestrian
trails ~~improve~~ attract jobs and lower
health and environmental expenses. at least
25% of transit dollars should go towards alternative

OR

East County: Brandon/Northeast area/Plant City/Thonotosassa

- South County:** Would you agree that **New Roads/Widening** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes _____ No ✓

Why or why not? The larger the road more cars will come. Then you will need to widen the roads more. I would look into a larger bus system.

- East County:** Would you agree that **Resurfacing** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes _____ No _____

Why or why not? _____

2. Based on the Understanding Issues prioritization activity, **10 out of the 12** community meetings ranked resurfacing as a top need. Please flip to the other side.

Do you agree? Yes _____ No

Why or why not? The reason for no is because the roads will cost more to maintain in the long run we are putting Band-aids on the issue.

3. After grouping all project types into larger categories, the county-wide ranking is as indicated below.

New Roads/Widening

Transit

Maintenance

Bike/Pedestrian Needs

Intersections

Do you support this? Yes _____ No

South County: Brandon/South County/Sun City

OR

East County: Brandon/Northeast area/Plant City/Thonotosassa

- South County:** Would you agree that **New Roads/Widening** is the most important priority for **your neighborhood** to address right now?

WE ARE OPPOSED TO WIDENING OF
 Do you agree? Yes No _____ 19TH AVE.

Why or why not? DESIGNATED "WIDENING" AS A CONCERN BECAUSE
 OUR COMMITTEE IS OPPOSED TO THE WIDENING OF 19TH AVE. AND INDICATED
 OPPPOSITION BY PLACING GREEN DOTS IN THIS AREA AT THE 3/26 MEETING. WANT TO
 MAKE SURE THAT THIS IS CLARIFIED.

- East County:** Would you agree that **Resurfacing** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes _____ No _____

Why or why not? _____

2. Based on the Understanding Issues prioritization activity, **10 out of the 12** community meetings ranked resurfacing as a top need. Please flip to the other side.

Do you agree? Yes No _____

Why or why not? LOTS OF POT HOLES IN ROAD - CREATES DANGEROUS DRIVING CONDITIONS

3. After grouping all project types into larger categories, the county-wide ranking is as indicated below.

- ① New Roads/Widening - REDIRECT 19TH AVE AWAY FROM SUN CITY CENTER
- ⑤ Transit
- ② Maintenance - REPAIRING AND RESURFACING
- ④ Bike/Pedestrian Needs
- ③ Intersections - SAFER INTERSECTIONS

Do you support this? Yes _____ No ReNumbered

Why or why not? DO NOT WANT 19TH WIDENED - WANT TO MAKE SURE THAT'S UNDERSTOOD

Additional Comments:

DO NOT PUT INTERCHANGE AT INTERSECTION OF RT 75 AND 19TH. REDIRECT 19TH AVE AWAY FROM 19TH AND NORTHWARD

East County: Brandon/Northeast area/Plant City/Thonotosassa

- **South County:** Would you agree that **New Roads/Widening** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes X No _____

Why or why not? Most areas in South County are newly developed and still have roads that are 2 lanes. Roads need to keep up with the developments.

- **East County:** Would you agree that **Resurfacing** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes _____ No _____

Why or why not?

2. Based on the Understanding Issues prioritization activity, **10 out of the 12** community meetings ranked resurfacing as a top need. Please flip to the other side.

Do you agree? Yes No

Why or why not? Many areas that have had resurfacing in just the past few years had work done that was unacceptable and are now in need of resurfacing again - for example the Rivet Crossing Development off Natures Way!

3. After grouping all project types into larger categories, the county-wide ranking is as indicated below.

New Roads/Widening
Transit
Maintenance
Bike/Pedestrian Needs
Intersections

Do you support this? Yes No

Why or why not? I would move intersections to a higher priority to reduce crashes and ensure safety.

LIGHT / BUSES

I wonder if anyone has considered phasing light rail into Tampa. I think that phasing would spread the cost and allow the need and the support for light rail in Tampa to build. Benefits might be realized along the way.

The steps that I envision are these:

1. Acquire the right of ways throughout the city and the county. They should be wide enough for two tracks or at least have frequent wider lay-by areas where vehicles could pass.
2. Pave the right of ways and install crossing gates or crossing warning systems.
3. Make the paved right-aways available to only buses and emergency vehicles. Yes, I said buses. The county already owns the buses and they could be used on the paved right-aways until the need for electricly powered buses or streetcars develops. In the mean time, emergency vehicles could use the system to rapidly move across the city/county as well as the buses.
4. Add rails and electrification for electricly powered buses or streetcars. Maintain the capability for emergency vehicles to use the system.

Actually, a paved system of roads for use by buses and emergency vehicles might be all that is needed. Fewer traffic problems/delays would be encountered.

Right-aways may be less expensive to acquire initially, before the need for actual rails are needed. Some of the needed areas might be more developed by the time that the rail system is ready to be installed/implemented.

If an accident or storm damage blocks the system right-away, buses can easily be routed around the blockage. That can't be done with a vehicle that rides on rails.

This is a simplified statement of a complex challenge. Still, it might point out an alternative.

Think about it.

Do you agree? Yes No _____

Why or why not? Closely with traffic signalization which gets traffic moving efficiently which leads to reduced congestion. Helps both auto dependent & transit dependent. Pls look @ resurfacing Mapledale - a small stretch w/ high school & a fire station that is crumbling!

2. Based on the Understanding Issues prioritization activity, 10 out of the 12 community meetings ranked resurfacing as a top need.

Do you agree? Yes No _____

Why or why not? IF we don't take care of existing roads & allow them to crumble, it affects transit riders as well (HART buses).

Why or why not? I believe intersection improvements should move up. The intersection @ Northdale/Dale Mabry last year made a significant improvement in traffic flow as did Waters/Sheldon. I agree w/ widening in NW Hillsborough - esp Gun Hwy, Hutchinson, Van Dyke.

Additional Comments:

Transit & needs more definition. I fully support investment in HART's current 10-year plan (TDP) which calls for increased frequencies, night + weekend service and more Metrorails, but I cannot support rail (aka. Fixed Guideways) due to the drastic cost increase w/little difference in ridership. I hope this effort looks at the PLG-commissioned "AECOM" report which suggests that ridership is increased first. Please follow the consultants recommendations. Also liberate the choice rider by allowing private Rideshare companies to service ~~the~~ the area without minimum fare restrictions. This would help HART ease costs w/ paratransit service which cost \$33/trip (one way).

Why or why not? not the order, but the content
I would put them in order as I have marked
- on Q2 you said resurfacing was #1, this
is confusing.

Additional Comments:

Since I personally use my vehicle for work &
don't use mass transit, but I sell real estate all over
this area & to many folks who are used to using many forms
of mass transit, including water taxi services & would
like more here* in FLA overall.

I am pleased to see that transit & bike/ped needs
ranked high for many areas.

I personally think that ATMs implementation
is awesome & very impactful.

Also, with maintenance I think keeping up
with the white lines & reflectors on the road surface
are both really important ... especially at night & in
the rain.

1. Would you agree that **Resurfacing** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes No

Why or why not? We need to look at the big picture,
the traffic overload on most roads, and address
the need for mass transit/public transportation. Re-
surfacing is important but we can't be pigeon-holed

2. Based on the Understanding Issues prioritization activity, **10 out of the 12** by **it.** community meetings ranked resurfacing as a top need. *

Do you agree? Yes No AG

Why or why not? *among others

3. After grouping all project types into larger categories, the county-wide ranking is as indicated below.

New Roads/Widening

Transit

Maintenance

Bike/Pedestrian Needs

Intersections

Do you support this? Yes _____ No

Why or why not? Making New Roads/Widening the top priority is near-sighted. We cannot support the (out-of-control) growth & merely by widening or building new roads as this is simply a never-ending game of catch-up.

Additional Comments:

- Hillsborough residents need to be afforded the opportunity to learn about mass transit/public transportation as this is the only way to effectively support continued growth
- Consider paving the grassy side of sidewalks and designating it for cyclist. This will take cyclist off roadways and prevent accidents/fatalities, save \$ spent on mowing the grass, keep grass clippings out of the sewer and save \$ spent on additional right-of-way to build bike trails.

Activity Questions:

1. Would you agree that **Resurfacing** is the most important priority for **your neighborhood** to address right now?

Do you agree? Yes No _____

Why or why not? Areas that were re-surfaced less than 8 years ago have failed, other roads (many of them) have gotten into terrible, and dangerous, condition -

2. Based on the Understanding Issues prioritization activity, **10 out of the 12** community meetings ranked resurfacing as a top need.

Why or why not? *Projects, especially the Citrus Park Drive Extension, are greatly needed. However, the number one priority should be Maintenance, i.e., re-surfacing is a critical need county-wide.*

Additional Comments:

This is the second Public Meeting I have attended. They are well done and provide good opportunity for questions and comment. It is also good to know the outcome are appearing on gohillsborough.com. One early intent proposed project associated states Montague Connection and visualization of widening Nutt/Triborough from Dale Mabry to Sheldon Rd. to 6 lanes. More discussion to follow, hopefully

Why or why not? To identify best one from Community.

Sydney & Valrico road intersection badly need traffic light.
Few people got killed up every week as accident.

Additional Comments:

One accident happens, The whole Road i.e. Valrico gets blocked. Valrico road is the main road which connects intra-state and important roads like 60. Signal light will save people lives and getting handicapped for rest of the life.

Signal light at Sydney Road & Valrico Road, which before next life is sacrificed, County will take some action. Thank you.

Additional Comments: children.

Are we totally about drawing more development and the big dollar guys to our community or are we here to raise young people to appreciate the land that is still left to us to enjoy?

Where will we get the water to nourish the land and all these potential residents? You only need to look at California to see where we are headed.

It is not a pretty picture.

Why or why not? The only person interested in new roads are developers. Let them spend their money on new roads if they can't afford to pay for them that badly. I do support transit, including light rail.

Additional Comments:

This county has for too long been interested in the greater fool policy of putting off today's problems in the hope that someone else will expand the county with new homes to pay for the running of government without paying taxes.

Why or why not? A few bumps won't tear up your cars. We need to get more of them off the road by making sure bicycles can navigate safely. If you resurface, make the shoulders wide enough for bikes.

New Roads/Widening
Transit
Maintenance
Bike/Pedestrian Needs
Intersections

Do you support this? Yes _____ No

Why or why not? Rather than encouraging more cars to go faster on smooth roads, encourage people to bike. Again, if the widening includes nice shoulders for bicycles, then I come closer to supporting the above ranking.

Any "New" roads should include traffic calming measures that would encourage people to feel safe on their bicycles. I drive, but I would really love to feel safe enough on my bike to actually ride it to run certain errands.

Why or why not? even if bike Widening of roadways goes along with making Bike lanes on the roads, I would prefer bike lanes that have found the extra wide road edge works well even though it is not marked as a bike lane.
Additional Comments: There are not enough of these wide shoulders.

Why or why not? It is needed! Resurface first!

Do Not need more bike trails!

Additional Comments:

Need to fix & improve the roads we have! Before adding any bike trails - People need roads to work & to stores not a trail for recreational purposes!

Why or why not? LETS BUILD AND FIX ROADS WE HAVE BEFORE BIKE PATHS.

~~WE NEED TO ADD LANES TO EXISTING ROADS.~~

Additional Comments:

I AM WILLING TO PAY HIGHER GAS TAX AND SALES TAX TO PAY FOR THESE UPDATES.

I AM NOT WILLING TO PAY ANY ADDITIONAL TAXES FOR LIGHT RAIL DOWNTOWN TAMPA.

WE NEED ROADS - NOT MORE EMPTY BUSES!

Additional Comments:

we would like to have traffic light at Sydney Rd & Valrico Rd.
It takes about 10mins to make a left turn from Sydney Rd onto Valrico Rd. during peak times.
we also noticed lot of accidents on this intersection on weekly basis.
we strongly suggest to install a traffic light at Sydney Rd & Valrico Rd intersection.
